## 8. Singles Event Rules:

- At the beginning of the game ( $0-0$ ) and when the server's score is even, the server serves from the right service court. When the server's score is odd, the server serves from the left service court.
- If the server wind the rally, the server scores and point and serves from the alternative service court.
- If the receiver wins a rally, the receiver scores a point and becomes the new server. They serve from the appropriate service court - left if their score is odd, and right if it is even.

## 9. Doubles Event Rules:

- A side has only one 'service'.
- The service passes consecutively to the players as shown in the diagram.
- At the beginning of the game and when the score is even, the server serves from the right service court. When it is odd, the server serves from the left court.
- If the serving side wins a rally, the serving side scores a point and the same server serves again from the alternate service court.
- If the receiving side wins a rally, the receiving side scores a point. The receiving side becomes the new serving side.
- The players do not change their respective service courts until they win a point when their side is serving.

In a doubles match between $\mathrm{A} \& \mathrm{~B}$ against $\mathrm{C} \& \mathrm{D}$. Toss will be done and if A $\& \mathrm{~B}$ won the toss and decided to serve. A to serve to C . A shall be the initial server while C shall be the initial receiver.
